Lorsque vous allez à des événements spéciaux, quels conseils pouvez-vous offrir pour que votre maquillage conserve sa beauté toute la nuit ?

Comment transformer
votre look de jour
en style de fête plus
arabesque ?

ASHLEY: Vous
préparez à aller en
vacances de conseil d'été
le lundi prochain, c'est-à-dire
le 20 août. Retrouvez votre matériel
et votre bagage dans la valisette, tout
en haut à gauche, à l'étage.

Quelle est votre couleur préférée pour les livres pour cette saison ?

Quel est l'élément essentiel pour un maquillage exceptionnel ?

ASHLEY: Season two of *The Fast Furies* is about the MOINS AIGUTE QUELQUE CHOSE DE PLUS.

Comment gardez-vous toujours
votre peau resplendissante ?

MARY-KATE: Ashlee et moi, on nous est toujours restée attachée avec un petit moment de tristesse avant d'aller à la fête. Mais, maintenant, ça vous rassure votre cœur. N'oubliez pas de porter un enfant comme ça tous les jours.

Combien de temps passer-ous
à votre maquillage ?

Quelles sont certaines des
rendances de maquillage
voyez-vous pendant cette
saison !

Mary-Kate: C'est une sensation étrange qu'Ashley et moi avons eue, certainement la première fois pour la ruche et la ruche, des livres, et quelques jours les livres ont disparus et les autres à l'exception de quelques livres, des livres de la maison.

mary-kate and ashley back to school style tips

How do you recommend affordably freshening up your look for a new season?

Ashley (A): A great way to freshen up your look is accenting your wardrobe with stylish accessories like belts, hats, bags, and jewelry. I like updating my style with key pieces each season and incorporate them with basics in my wardrobe. Accessories always evolve and are a fun way to reflect new trends at affordable prices.

Which colors will be in your fall wardrobe?

Mary-Kate (MK): Fall lends itself to richer, darker tones. I like to wear deep chocolates, reds, blacks and greens in fall. I love the fabric options as the weather changes- velvet, cashmere, suede, corduroy... I could go on and on. Layering tanks, sweaters and coats complete your fall look.

What is the "must-have item" for fall?

MK: I love our suede and laundered canvas handbags this season. Each style is accented with grommets and intricate detailing for a vintage look and feel. Ashley and I hope you love them as much as we do and they are only available at Claire's.

We've heard you mention Brigitte Bardot as your summer style icon, does a different season require different inspiration? Who is your fall fashion icon?

A: A fashion icon's style should translate through every season. Brigitte Bardot impacted fashion in the 60's living in St. Tropez. Her style inspires feminine, flirty touches which for the fall can be translated into a flattering dress with knee high boots. Audrey Hepburn and Coco Chanel were timeless.

Which of your own fall designs are you most excited about?

A: When I go out for an event or a night with friends, I like to vamp up my look with great accessories. The jet faceted earrings with metal tassels add the right amount of glam to any outfit. For a more casual look, our plaid hat looks great with jeans and a white t-shirt. Plaid patterns are hip right now and the skull and heart embellishments are a funky balance of feminine and rocker.

MK: Our jewelry line has an amazing bracelet with turquoise, wood and jewel toned layered charms. I layer three or four bundles at a time. They are the perfect accessory to compliment casual layered tanks or a flowing vintage dress.

How do you glam up a fall day outfit for a night-out look?

A: Jewelry and cosmetics can glam up any outfit. Usually it's a good rule of thumb to add a little more to your day look to create your night-out look: darken your eye makeup with a smoky eye, or replace your simple stud earrings with some great hoop earrings.

As fall air starts to feel crisper, which article of clothing do you pull out from summer storage first?

A: Boots and cashmere sweaters.

MK: I bring out my scarves before I break out the winter jackets.

How long does it take you to put together an outfit...accessories and all?

MK: It depends on the day. My style changes everyday and usually reflects a mood I'm feeling or trying to accomplish.
